\* 24 month period

### Course Objectives

This course covers the ten CISSP® domains:

- Access Control
- Application Security
- Business Continuity & Disaster Recovery
- Cryptography
- Information Security & Risk Management
- Legal, Regulations, Compliance
- Operations Security
- Physical (Environmental) Security
- Security Architecture & Design
- Telecom & Network Security

## CISSP Boot Camp®

Our CISSP® Boot Camp has been designed to provide the information you need to master the CISSP domains.

The CISSP designation is the gold standard for information security professionals.

Emphasis is placed on helping you begin to develop skills and knowledge in technical areas that have realistic value in the workplace. Besides technical instruction, the programs offered at Creative Breakthroughs focus on helping you develop problem-solving, critical thinking, communication and teamwork skills.

CISSP professionals are eligible to be listed in the official [(ISC)2] CISSP Directory, participate in their Speakers' Bureau, serve on (ISC)2 committees, and participate in annual elections.

### READY FOR THE NEXT LEVEL?

(ISC)2 requires exam candidates to have a minimum of five years of relevant work experience in two or more of the ten domains, four years of work experience with an applicable college degree, or a credential from the (ISC)2-approved list.

The CISSP certification requires successfully passing the CISSP exam (administered by (ISC)2) and having met the experience requirements.

### FLEXIBLE SCHEDULING

The CISSP Boot Camp is among the most flexible and affordable in the industry. Training can be facilitated at office, between. voucher program allows classes to be purchased up to one year in advance and used whenever it is most convenient.

### TAUGHT BY SECURITY EXPERTS

Every one of our Boot Camp instructors is a CISSP certified IT consultant who performs hands-on security work while away from the classroom. Why settle for a DVD when you can learn from the experts?

### ABOUT THE INSTRUCTOR

CISSP Boot Camp instructor William Matthey II brings more than 26 years of IT/MIS experience to the classroom. In addition to his role as a CBI CISSP Boot Camp instructor, Mr. Matthey also teaches Active Directory, Network Design & Installation, MCSE/MCSA preparation and mentor workshops as a Microsoft Certified Trainer for Microsoft's "Best Practices" in Vista, BDD, AD, SMS, SQL and Security.

### ABOUT US

We enable businesses (both public and private) to achieve a top level of IT security throughout their organization.

Since 1990, we have provided security-focused IT solutions and consultancy with Fortune 500 Corporations, state and local governments and many other businesses nationwide.
