Systems Integration

Business First

We take a business-first approach to everything we do. Our consulting and engineering teams deliver solutions that help you effectively govern every aspect of IT risk, including security, availability, performance and compliance.

Professional Services

Our professional services provide the expertise and resources to identify your best opportunities to maximize IT performance and productivity. We help you streamline your operations for the greatest return on your IT investment.

Uninterrupted Support

The 24x7 help desk is an integral component of our support platform. We provide seamless, year-round service coverage and consistent quality from day one. Clients submit requests via the web or our toll-free phone number.

Precision Skillset

Our engineers are certified in a diverse and complete array of security, availability and management technologies. Their certifications include CISSP, MCSE, CCA, PGP, CCEA, A+, Security+, CCNA, MCP, CCDA and Network+, as well as a number of vendor-specific credentials and U.S. security clearances. Continuing education is a critical component of our competitive difference.

About Creative Breakthroughs

Creative Breakthroughs, Inc. (CBI) is a leader in network security, integration and management. CBI provides products and services that help small companies to large enterprises secure and manage their IT infrastructure. Founded in 1991, we have a customer base of over 500 organizations that we service in conjunction with our partners.
